RELATIONS BETWEEN ENTENTE AND TEUTON CABINET NEAR CRISIS

Government at Berlin Seems to Be Hinting at Possible Defy Over List

EXTRADITION CLAUSE TO BE CARRIED OUT

Holland May be Required to Put Former Emperor Bill on Some Island

BERLIN, Wednesday, Feb. 4.—At the conclusion of tonight's cabinet session, a member of the government informed the correspondent of the Associated Press that the ministers were unanimous in declaring that surrender of the men demanded by the allies on an unofficial or any other extrajudicial list was an utter physical impossibility.

LONDON, Feb. 5.—The German cabinet has decided to send another note to the allies calling attention to the fatal consequences which would ensue upon extradition of the Germans demanded for trial by the allies for war crimes, according to a Berlin dispatch to the Exchange Telegraph.

PARIS, Feb. 5.—Relations between the allied powers and Germany seem to have arrived at a crisis as a result of Baron von Lersner, head of the German delegation here to forward to Berlin the names of Germans whose extradition is demanded by the entente.

This incident apparently finds an echo in the attitude of the Berlin cabinet, which is reported in London by Gustav Noske, minister of defense, seeming defiance to the powers. Baron von Lersner left for the German capital last night.

Will Coerce Germany
The list of Germans accused of violations of the laws of war whose arraignment is contemplated by the allies will be sent to Berlin direct by the counsel of ambassadors. It is pointed out here that measures intended to compel Germany to carry out the extradition clauses of the Versailles treaty will be adopted but there is no intimation as to their nature.

London advises state Sir Auckland Geddes, minister of national service and reconstruction in the British cabinet, declared in an address at Anderson yesterday that the allies are required to put former Emperor William on some island out of Europe. Whether he expressed the view of the British government is not known.

He confessed and lead the officers to his home where the bars were found buried about the yard and hidden in various places. All of the stolen gold was recovered.

ACTION WANTED TO RELIEVE SITUATION IN WORLD EXCHANGE

London Eagerly Reads Reports From U. S. of Possible Early Developments

STOPPING OF LUXURY IMPORTATION URGED

Portion of New French Loan to Be Floated in America as Stabilizing Step

NEW YORK, Feb. 5.—Rates on demand bills for the English pound sterling, which tumbled yesterday to the record low of \$3.19, opened today at \$3.22 1/4 and rose to \$3.25 1/4 at the end of the first hour.

LONDON, Feb. 5.—Reports from Washington regarding possible action on the international financial situation, were eagerly read here today as was a report from New York that some of the banks there had discontinued the discount of dollar bills against the export of merchandise, because of the drop in exchange.

The reported action of the banks created satisfaction as it would mean that fewer goods would be sold to Great Britain.

The stopping of the importation of articles of luxury is strongly advocated, and it was reported this morning that further orders for this class of goods recently placed in the United States had been cancelled.

It is understood the amount to be placed in the United States has not been fixed, but some estimates have run as high as \$2,000,000,000.

Subscriptions for the loan received at London in pounds sterling on the same terms. Experts here count upon the success of these foreign subscriptions to assist in the stabilization of exchange.

FARM LOANS HELD UP FOR COURT DECISION

U. S. Justices to Decide on the Constitutionality of Federal Farm Loan Bank Law

WASHINGTON, Feb. 5.—Pending a decision by the supreme court of the United States on the constitutionality of the farm loan act, all future applications for loans from federal farm loan banks will be held in abeyance, Farm Loan Commissioner Norris announced tonight. The policy of the board to suspend temporarily the making of loans does not affect loans for which applications already are in the hands of farm loan representatives, however. Mr. Norris said, adding that such transactions would be completed under the regulations in effect since the system was created.

Officials explained the adoption of the new policy as having been due to a desire on the part of the farm loan board not to defeat the plans of individual borrowers if, in any event, loans cannot be made. Should the act be unconstitutional, applications for loans necessarily could no longer be considered. In issuing the general instructions to both joint stock and farm loan banks to hold up actual closing of further loans, the board advised them that prospective borrowers must be informed of the possibility which centered in the legal decision as a measure of protection to them. Mr. Norris announced the plans of the board's decision in the following statement:

HICOST VICTIMS CHUCKLE IN GLEE OVER EGG SLUMP

NEW YORK, Feb. 5.—Victims of the high cost of living were given cause for vengeful chuckling today when market reports showed that eggs recently put in cold storage at 50 cents a dozen were being thrown on the market at prices ranging downward from 45 to 11 cents wholesale.

The slump was reported to have affected the fresh egg market, bringing prices down 8 cents since last Wednesday.

The decrease in cold storage egg prices was explained as being due to the fact that the expected European demand for eggs did not fully develop.

JACK JOHNSON SAYS HE IS RETURNING TO CHALLENGE DEMPSEY

District Attorney at Chicago Entering Into Negotiations With Former Champ

MEXICO CITY, Feb. 5.—Jack Johnson, former champion heavyweight pugilist of the world, said yesterday he would arrive in New York the first week in March. He declared he was confident he could arrange differences with the United States district attorney at Chicago so that he might challenge Jack Dempsey, present heavyweight champion.

CHICAGO, Feb. 5.—Jack Johnson may get his wish and be permitted to return to the United States. District Attorney Charles F. Cline announced after receiving the letter mailed by the former world's champion in Mexico City last week that he would enter into negotiations with Johnson.

If Johnson returns he faces a sentence of one year and one day in Leavenworth prison for violating the Mann act. He jumped bonds of \$15,000 when he fled from the country following his conviction in 1913.

Miss Knowles' Son Is Legitimate in England

FALL RIVER, Mass., Feb. 5.—Miss Emily Knowles, who with her child came to the United States, declared she did not learn until the night before she left England that Perley R. Spiker, the father of her child, was a married man.

Her boy, she said, is a legitimate son under an English law enacted during the war, and in Great Britain the child is entitled to bear the name of his father.

The little English woman is the central figure in the wartime romance which has developed international interest because of the friendly attitude of Spiker's wife and brother toward her and her child.

She did not discuss her forthcoming marriage with Guy S. Spiker, brother of the father of the child. Spiker and Miss Knowles having filed marriage intentions yesterday, a license will be available Sunday.

of the farm loan act with the possibility that the decision may not be announced until a late date, the farm loan board has instructed the federal land banks to accept future applications for loans subject to delay in closing.

"These banks secure funds for loaning purposes by the sale of farm loan bonds and the board deems it unwise to offer these bonds at a time when investors may hesitate to purchase them because of the pendency of legal proceedings. The decision of the United States district court sustained the constitutionality of the act. An appeal was taken to the supreme court, where the case was argued January 6th."

SLEET NEAR OMAHA LIMITS AMOUNT OF NEWS FOR OGDEN

Associated Press Traffic Men Endeavor to Look Up Circuits for Service

ATLANTIC SEABOARD IN GRIP OF SNOWSTORM

Meanwhile Residents of Utah Continue to Enjoy Weather Typical of Early Spring

A fierce storm of sleet in the vicinity of Omaha crippled Associated Press wires today.

Despite the utmost endeavors of the resourceful traffic men of the news service, the Associated Press was unable to get but little news to its intermountain subscribers, including Ogden.

Efforts were being made to connect the western current with the eastern news centers by a roundabout system of telegraph loops.

One of the worst snow storms of the winter was gripping the Atlantic seaboard from southern New England to Virginia. The snow was accompanied by sleet and high wind.

The weather predicted for Utah gives no hint that Utah is to receive a recurrence of winter. The forecast says fair today and Friday with little change in temperature.

STORM IN EAST

NEW YORK, Feb. 5.—States along the Atlantic seaboard from southern New England to Virginia were snow-bound today as a result of the worst snow storm of the winter. The snow was accompanied by sleet and a high wind. Moderate temperatures prevailed generally and in some sections this morning the snow had turned to a fine rain.

MINISTER TESTIFIES IN VICE CAMPAIGN

Captain in Navy Quoted on Alleged Vicious Practices to Obtain Evidence

NEWPORT, R. I., Feb. 5.—The naval board, which is inquiring into alleged immoral practices in connection with the anti-vice campaign conducted by the navy intelligence service here, was told today that Captain Wainwright, of the navy, who investigated conditions last September, said he had statements from sailors that they were instructed to become parties to vicious practices if necessary to obtain evidence, but that they were not to take the initiative.

This testimony was given by the Rev. Stanley C. Hughes, one of the 14 ministers who wrote President Wilson protesting against the conditions. He obtained the information from Captain Wainwright, he said.

Naval centers other than Newport had been the subject of official inquiry regarding the alleged objectionable methods, according to Mr. Hughes. Captain Wainwright had told him, he said, that Norfolk, Va., and Annapolis, Md., also were under investigation. A sudden illness prevented Mr. Hughes continuing his testimony and caused adjournment of the hearing.

WAITERS IN HOTELS RECEIVING \$5,000 IN ANNUAL TIPS, CLAIM

Garment Makers, Longshoremen, Paperhangers, Chorus Girls Pay on Incomes

NEW YORK, Feb. 5.—Plumbers who pay income taxes are no longer the "aristocrats of labor," according to William H. Edwards, United States Internal Revenue Collector for the Second and Third Districts of New York, in whose districts this year more than \$1,500,000 will be gathered up for Uncle Sam.

High wages and profitable overtime, says Mr. Edwards, have raised to the income tax paying list such workers as longshoremen, garment makers, paper hangers, railroad brakemen, chauffeurs, sailors, truck drivers and piano movers. "And don't forget the chorus girls, the movie stars, and the hotel waiters," declared the collector, adding that some of the latter are making more than \$5,000 a year in tips alone.

A recent caller at the collector's office was a woman whose net income was 65 cents. Her tax amounted to four cents. She wanted to know if she would be permitted to make the payments "quarterly." When told she could she smiled and said she guessed she would pay it all at once, handed over four shining pennies and took her receipt. Another patriotic citizen, a foreign born—filed a certain return showing that he had no income which was subject to taxation. At the bottom of his return was the following notation: No tax due but would like to pay some tax and enclose for \$100.

"Offhand," said the collector, "one would hardly think that a longshoreman came within the requirements of the income tax law. In the past year or two, however, many longshoremen have been making from \$3,000 to \$5,000 a year."

"The income tax hits some members of the theatrical profession very hard. Some of these actors, including motion picture stars, perhaps make as high as \$200 and \$300 a week for six months in the year. They live well and by the time their income tax payment is due may be out of an engagement. They are confronted with a good-sized tax without any immediate means. It is then up to them to get it."

"Last year my investigators found many diamond merchants have been doing business in this country four or five years without paying taxes. We got after them and increased our returns by more than \$1,000,000."

HUGE STRUCTURE IN PARIS WILL CONTAIN THOUSANDS OF SHOPS

Veritable City of 30,000 Persons to be Housed in One Vast Building

LONDON, Jan. 19.—Plans for the great Marche du Monde, or meeting place for the buyers of the world, which is to be established in Paris in two years, contemplate the erection of a vast building nine times the size of Trafalgar Square and containing not only 5000 shops but many special features, including the most luxurious club and the largest banquet hall in the world. Details of the scheme were given here by Sir Charles Dundas, secretary of the Association of Great Britain and France.

"The object," he said, "is to give producers and buyers of the world the facility to perform all their transactions in one place."

"It will be the only building in the world where the rentals will decrease according to the length of the leases, and where the tenants will be considered as valued clients, and not as objects of speculation."

"The building will be of six stories, with a frontage of 350 feet. It will be nine times the size of Trafalgar Square, and will cost approximately \$20,000,000."

"This enormous building," continued Sir Charles, "will contain 5000 shops, the most luxurious club in the world for buyers and producers, swimming and Turkish baths, gymnasium, restaurant, grill room, roof garden, several lecture rooms, industrial cinema, and the world's largest banquet hall."

"Briefly, what is contemplated is the execution and operation of a veritable city, in which it may reasonably be estimated there will be a floating population of manufacturers, producers, merchants, buyers and the necessary employees, exceeding 30,000 people."

Sir Charles added that the advantages of this huge project to the British buyers and sellers would be enormous.

"One of the principal objects of having this world's market in Paris," he said, "is because the French capital is the pivot of the railway centers of Europe, and the advice of the buyers of the world has been taken on this matter."
